

Join the NEW YEAR NEW CAREER JUMP START PROGRAM

2022 has completely redefined how we approach our careers. From quiet quitting to unionizing, employees have moved, quit, and changed roles at unprecedented rates over the last year.

But what about those of us who are kind of stuck? Those of us who are a bit fearful to jump out there and make a change in light of uncertainty? What if you've had it with your toxic workplace, but are using the "better to stay with the drama we know" mentality to stay put? What if you just don't know exactly how to move on, up, or out?

If ANY of these points resonate with you, then my [New Year New Career Jump Start Program](#) is exactly what you need.

Join one of my 3 group coaching cohorts starting in 2023 to give you the motivation, discipline, and specific guidance you need to achieve your career goals in 2023. This is a 4 week program that allows you the time you need to think it all through but gives you the specifics you need to really take action!

Each week you'll get specifics on the following to get to a career you love:

- Brand Yourself the Easy Way
- Expanding Your Career Search
- Connect with your online network offline
- How to connect with Recruiters & Hiring Managers
- And more...

At the completion of the [program](#) you'll have:

- A disciplined approach to getting to the career you love
- Clear tactics, strategies and actions to take for your resume, interviewing, and connecting with those who can assist you in your career search
- Resources others won't read and tactics others won't do
